- **WORK EXPERIENCE**

Weeks Dredging

Louisiana

Leverman - Operated power-driven dredges to mine sand, gravel, or other materials for rivers, and to excavate and navigation of waterways.

Subaqueous

390 N Orange Avenue, Suite 2600

Orlando, Florida 32801

407-926-7796

Outside Leverman/Deck Captain - Operated boats, cranes (friction and hydrolic), fused pipe and run trackhoe. Equipment maintance and all other dredging duties as needed.

Endland Dredging

Tennessee

Leverman - Operated dredge and other outside dredge duties.

I have over 20 years dredging experience. I am knowledgable of machines and tools, including their designs, uses and property. I have operated dredges from eight inches up to thirty inches. I am skilled in operation monitoring, watching gauges, dials or other indicators to make sure a machine is working properly. I have extensive experience in judgment and decision making, time management, and troubleshooting.
